| <p>* ASP is optional. An Annual Support Program (ASP) provides for software updates as available, and for Retention Schedule software updates in digital format that can be loaded into the Retention Schedule Software as new schedules or updates are approved and published by the Texas State Library and Archives. The ASP also provides for scheduled Telephone Support from 9:00 AM to 4:30 PM. <i>If a user allows an ASP to lapse, the ASP can only be renewed at the then-current ASP price.</i></p> <p>** Supports Retention Control Schedules in the Texas Local Government Format</p> <p>*** Supports Retention Control Schedules in the Texas State Agency Format</p> <p>**** One time, paid-up Institutional Licenses. A one-time, paid-up Institutional license allows software installation on unlimited stations within the licensing organization; no per-station accounting is required.</p> <p>***** Annual Institutional Licenses. Annual Institutional Licenses are for a twelve month period, renewable for each successive twelve month period. An annual license allows software installation on unlimited stations within the licensing organization during the twelve month period; no per-station accounting is required.</p> <p>Software License Upgrades: any Retention Schedule Manager (RSM) License can be upgraded to a RCAMS Records Management Software Suite license (RCAMS), which includes RSM, by paying the difference between the original license price paid for RSM and the current license price for RCAMS.</p> <p>A Basic Edition III license can be upgraded to a RCAMS Records Management Software Suite license (RCAMS), by paying the difference between the original license price paid for Basic Edition III and the current license price for RCAMS.</p> | | | |
